

MAXTEL EVAPOR LIGHT BAR 23.5"/597MM

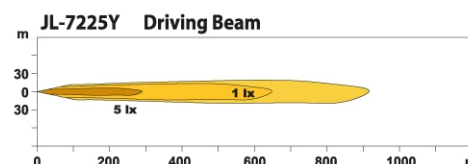

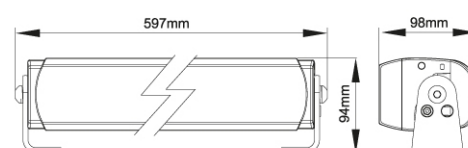

Art.no: 12-JL7225Y

Powerful LED light bar with a robust design and position lights. It has 2 modules, each module has a reference number of 50 and the light bar has a wide beam light which illuminates with 1 lux of about 650 meters. The light has the EVAPOR technology based, this gives a yellower tone in the light which means that contours in e.g.. snow are better seen and the reflection from traffic signs decreases. The extra light is specially designed for the Nordic autumn and winter climate. Approved according to R112 and R7. There is a adjusting screw on the side of the light bar that makes height adjustment simple. The brackets are made of stainless steel.

Technical information

Brand	Maxtel
Illuminated with 1 lux on	650 m
Effective lumens	6480
Raw lumens	8100
E-mark Reference	50
Voltage	12/24V
Effect	120W
Current	8,4/4,2 A
ECE Approval	R7, R112
Dimensions (LxHxW)	597 x 98 x 94 mm
Warranty	5 Year
Connection	Cable with DT connector
IP rating	IP67
House material	Aluminum
Light source	LED
LED quantity	12
Diode manufacture	CREE
LED output	10W
Bracket material	Stainless steel

Weight (kg)	4.600000
