

REAR LIGHT LC5 REFLEX PG13

Art.no: 12-152150

A multifunctional rear light from Vignal with VibraActive, built-in vibration damping for long bulb life. The LC5 also serves as a junction box for rear and position lights. One loop on the left side and one loop on the right side for connecting license plate lighting, additional reverse lights, side marker lights, and position lights. Saves time and cable routing. Suitable for Volvo, among others. Bulbs: R 5 W x 2, P 21 W x 4. Bolt distance 152 mm. Cable entry size PG13.
