

ENERGY SYSTEM 12V 2000W 100AH

Art.no: 22-2000

Stop searching for mains outlets and save time with ES-2000. This high performance 2000W pure sine inverter will power up virtually any 230V AC application and allow you to bring your most powerful hand tools to work. Moreover, the high quality built-in LiFePO4 battery will keep your system powered up for a long time. The battery has state of the art battery management systems that protects the batteries from overload and guarantees the longest possible system lifetime. The battery management system also ensures that any available charge energy, from vehicle alternator or external mains, is converted to the fastest and most efficient charge for the battery. The cabinet is designed with the professional user in mind. It has a robust chassis built to operate from the floor in a professional vehicle, a safety relay for user protection, and an easy to monitor display. The unique drop-in installation brackets make mounting easy and equally easy to shift the ES-2000 to a new vehicle.

Technical information

Brand	AWILCO
Voltage	12V
Dimensions (LxHxW)	397 x 241 x 339 mm
Warranty	2 Year
Approval	CE
Weight (kg)	29.500000
