

XT12 WARNING LIGHT 3M ADR R65

Art.no: 14-XT12E2-Y3

XT12, one of the thinnest warning lights on the market, is E-approved according to ECE R65 Class II and EMC R10 approved. The directional warning light has twelve powerful diods with a wide light spread. Maximal power consumption at 12 V is 1,76 A alt. 0,88 A at 24 V. IPx8. The warning light comes in three versions: amber, blue or dual color amber/blue. All are delivered with 3 meter ADR cable. For the dual color module, the blue and amber diods are controlled separately, and the light is approved according to ECE R65 Class I. The warning light is for surface mount and additional mounting accessories include adjustable bracket and L-bracket. XT12 has 16 different flash patterns to choose from and several flash units can be synchronized. 12/24 V.

Technical information

Brand	Juluen
