

XBB DONGLE & POWERUNIT

Art.no: 16-XBBDONG

One of the simplest and fastest ways to install vehicle lighting. Wireless communication via Bluetooth 5 to minimize cable routing. User-friendly installation done with a smartphone and completed in just a few minutes. Works with both Android & iOS. No need to search for CAN-bus cables in the engine compartment or cabin as the connection is made through the car's OBD port. No impact on the car's electrical system, avoiding error codes.
